WORLD ARABIC LANGUAGE DAY AT ROYAL BRITANNIA

Thursday 5, December 2019

On Thursday, 5 December 2019, the Royal Britannia Kindergarten celebrated World Arabic Language Day under the patronage of His Excellency, Mr. Rami Tahboub, the Ambassador of the State of Palestine and his wife, Mrs. Rima Khalidi.

RB's special guests and parents were delightfully entertained by the Nursery, Pre KG, KG, Reception and Special Needs students performing on stage. Mrs. Rima read a wonderful story to our students and the various speeches on the day emphasised the importance of learning the Arabic Language at an early age. There was a vibrant Art Exhibition displaying pieces made by RB students and traditional Palestinian handicrafts.

Under our Arabic Teacher's guidance, Ms Talar, students worked hard learning different songs and dances from various Arab Countries.

LEARNING JOLLY PHONICS AT ROYAL BRITANNIA
Introduction to Jolly Phonics

What is Jolly Phonics?

Jolly Phonics is a fun and child centred approach to teaching literacy through synthetic phonics. With actions for each of the 42 letter sounds, the multi-sensory method is very motivating for children and teachers, who can see their students achieve. The letter sounds are split into seven groups.

Letter Sound Order

The sounds are taught in a specific order (not alphabetically). This enables children to begin building words as early as possible.

How does Jolly Phonics work?

Using a synthetic phonics approach, Jolly Phonics teaches children the five key skills for reading and writing.

The Five Skills Taught In Jolly Phonics

1

Learning the letter sounds

Children are taught the 42 main letter sounds. This includes alphabet sounds as well as digraphs such as sh, th, ai and ue.

2

Learning letter formation

Using different multi-sensory methods, children learn how to form and write letters.

3

Blending

Children are taught how to blend the sounds together to read and write new words.

4

Identifying the sounds in words (Segmenting)

Children are taught the 42 main letter sounds. This includes alphabet sounds as well as digraphs such as sh, th, ai and ue.

5

Tricky words

Tricky words have irregular spellings and children learn these separately.

NOTES FROM THE NURSE

Dear Parents,

As you all know with the change of weather, it is a sensitive time for the children as they often get sick and share their sickness with others. RBK is asking for your support to reduce the risk of your children becoming sick by making sure:

- all their recommended immunizations are up to date
- they received the annual flu vaccine
- they stay home if they have any respiratory symptoms (cough, runny nose, or sore throat) and fever (38°C and above) and only go back to school after being fever free for 24 hours (without medicines)
- they stay home if they had 2 episodes of diarrhea and/or vomiting in the past 24 hours
- they stay home (and go to the doctor) if they have a rash with fever
- they stay home if they have mouth sores with drooling or skin sores that are weeping fluid (and can't be covered by dressing)

Thank you!

MAKING AN IMPACT GLOBALLY

At RB we align ourselves with the 17 Sustainable Development Goals (SDGs) through our curriculum and teachings. In order to make an impact on a global scale and help in supporting the SDGs, we have joined B1G1. We will be dedicating each term to a minimum 4 SDGs through B1G1. Not only will we be creating awareness through lessons at school but we will be contributing the contributions we have been collecting every Thursday to various initiatives around the world.

Themes: Seasons, Fairy Tales/Winter Wonderland

1. **SDGs: Good Health and Wellbeing and Reduced Inequalities**

Provide warm clothes to insulate a child from Winter (Ukraine, Russia and Moldova)

Provide warm clothes as a gift of survival for a day. Imagine the chilling winds of winter prickling the bare body of a child along the streets of Ukraine. Insulation in the life-threatening cold in winters as low as -40C is crucial.

US 0.20 per day = **6 fils per impact**

2. **SDGs: No Poverty, Clean Water and Sanitation and Reduced Inequalities**

Give access to life saving water (Ethiopia)

Quench the thirst of people living in Tigray by giving them clean water that is absent of water-borne diseases for one day. The provision of clean and hygienic water will reduce a womans average daily water collection time; effectively reduces children mortality rate from water-borne diseases; and allows girls to receive a proper education instead of spending their time collecting water.

US 0.01 per day = **3 fils per impact**

ROYAL BRITANNIA
EDUCATION GROUP

Dear Parents,

It's my real pleasure to invite you to join the B1G1: Business for Good Giving Initiative.

B1G1 helps businesses like ours give back in powerful new ways. It's really stunning and wonderfully different.

And this is equally great too; when you join B1G1 using my unique code [<https://b1g1.com/connect/GIVING040>], you get [1 KD] worth of Giving Credits to kick-start some really smart giving. I think you'll love it.

1. Now you may prefer to click the button below to join right away based on my strong recommendation (I really believe all my connections could benefit enormously from B1G1).
2. Or you may want to call me to talk about it. Just a call on my usual number is great.
3. You can also complete a new thing called the 'B1G1 Giving Plan' – it's a great way to understand B1G1 before you join. And you can do that right here: <http://bit.ly/invite-givingplan>

Whichever of those three ways you choose, do please choose one! I know you'll be so pleasantly surprised by what you find.

Looking forward to hearing how you go.
